

## LD Lines' champers sparkles at Earls Court

Champers has again, for the second time, supplied personal label champagne to L D Lines, the French ferry company <http://www.ldlines.co.uk/>, for its stand at the France Show at Earls Court in January 2010

Champers has also supplied the French ferry operators with L D Lines branded champagne for events in connection with the launch of their new ferry services; half bottles were given to guests as souvenirs of this exciting new venture. The French owners of the Company have commented very favourably on the quality of the champagne and Champers service.

Champers were recommended by Marketing Communications company Sans Frontière <http://www.sansfrontiere.co.uk/>
